

Office of Community Learning
School-Family-Community Partnerships Workshop
March 20, 2002

Specific Desired Outcomes from this Training:

1. Family Partnership Team members have a clear understanding of:
 - Epstein's six types of involvement – Keys to Successful School-Family-Community Partnerships
 - sample practices in each type
 - challenges presented by each
 - results that can be expected by tackling the challenges (not just doing the easy activities)
2. Family Partnership Team members are able to identify example practices in their own schools, the challenges they face, and how to redefine the challenges.
3. Family Partnership Team members are familiar with the Starting Points Survey and understand how to interpret data they collect from their surveys.

Evaluation

How helpful were these workshop topics?	Very Helpful	Helpful	Not Helpful
1. Understanding Epstein's Six Types of Involvement and sample practices.			
2. Understanding the challenges presented by each type and redefinitions.			
3. Understanding the expected results for Students, Parents, and Teachers of the Six Types of Involvement.			
4. Identifying successful practices in our schools and what made them successful.			
5. Sharing what we have done to overcome challenges or obstacles to successfully implement a partnership practice.			
6. Sharing strategies for reaching and involving "hard-to-reach" families.			
7. Identifying specific next steps for improving practices of partnership at our school.
